A Plea to Mrs Condoleezza Rice

**Lady Rice please stops this mad war now before it is too late.
(The Civil Society in Occupied East Jerusalem
Decries the Israeli Collective War Crimes Committed Against
Palestinian and Lebanese Families)**

The members of the Coalition for Jerusalem would like to express to the visiting Secretary of State, Mrs. Condoleezza Rice, their deep concern on the turn of events in Palestine and Lebanon, especially the rising death and maiming of entire families resulting from the present Israeli state terror.

The United States of America cannot claim that it is doing its best to offer a better life and future for the children of the Middle East, when it is silent about Israel's collective massacres whose primary victims are those same children in Lebanon and Palestine.

The children who presently escape from the Israeli air and sea terror are hearing and listening that the American Government refuse to stop the Israeli bombing of their homes and shelters; that this Government led a coalition of states in the Security Council of the United Nations to prevent the Council from stopping the war... to save their lives.

As we write to you, they will also be watching a Lady who came half way across the world to tell them that Israel need more time to kill them and to lay their land to total waste, and that alongside her visit Smart Bombs are simultaneously landing in Israel to reek more terror and destruction to their homes and shelters. They would also be seeing and thinking that the American relief that is landing in Beirut is a contradiction in terms.

This is a plea from the Coalition for Jerusalem to Mrs Condoleezza Rice to urge her to call for an immediate cease fire in Lebanon and Palestine, and to urge her to work for a real, sincere and just peace in the Middle East to spare the lives of the children of the Middle East.

This is a plea from the Coalition for Jerusalem to the Government and People of the United States to begin now to win the minds and hearts of children in the Middle East, by saving their lives and that of their mothers and Fathers.

The Coalition for Jerusalem is a league of religious dignitaries, political factions, civil society organizations, and individuals based in Jerusalem. It is a non violent, direct action group formed in 2004 to oppose Israeli Government arbitrary measures to alter the Status of East Jerusalem in violation of International Legitimacy and Human Rights Conventions, and to reaffirm that East Jerusalem is the Capital of the future Palestinian State
